NOTE: Answers to all Quiz Questions may be found in text material preceding the Quiz.

THE LINES OF THE TREBLE STAFF

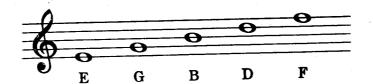

This is a TREBLE CLEF

A staff with a Treble Clef sign is called a Treble Staff. High notes are placed on the Treble Staff.

The lines of the Treble Staff are

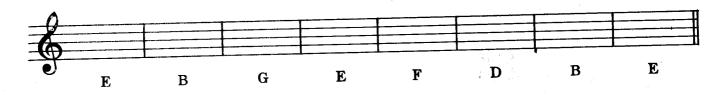

A saying to help you remember the lines of the Treble Staff is:

Every Good Boy Does Fine

Write in the letter names of these notes.

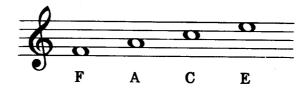

Draw the correct line note over each letter name.

THE SPACES OF THE TREBLE STAFF

The spaces of the Treble Staff are:

To help you remember the spaces of the Treble Staff, they spell FACE.

Write in the letter names of these notes.

Draw the correct space note over each letter name.

Spell the following words with space notes.

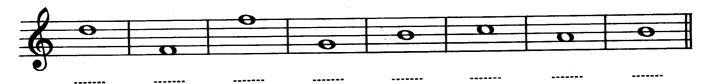

DOUBLE BAR

DOUBLE BAR

At the end of every song or other musical composition is a sign which means "the END". It is composed of a narrow bar line and a wide bar line.

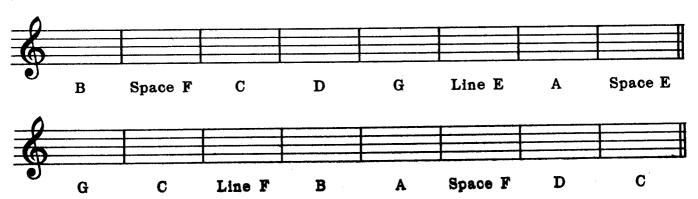

There is also a Double Bar with two narrow bar lines, designating the end of part of a composition, but not the final close.

Write in the letter names of these notes.

Draw a note over each letter name.

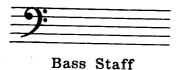

THE LINES OF THE BASS STAFF

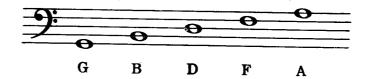

This is a BASS CLEF

9:

A staff with a Bass Clef sign is called a Bass Staff. Low notes are placed on the Bass Staff.

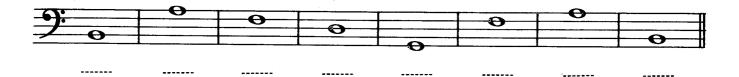

The lines of the Bass Staff are

A saying to help you remember the lines of the Bass Staff is:

Good Boys Deserve Fun Always

Write in the letter names of these notes.

Draw the correct line note over each letter name.

lesson 6

THE SPACES OF THE BASS STAFF

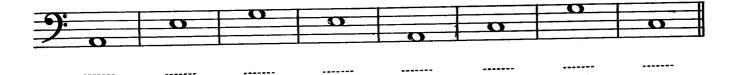

The spaces of the Bass Staff are

A C E G

A saying to help you remember the spaces of the Bass Staff is:

All Cows Eat Grass

Write in the letter names of these notes.

Draw the correct space note over each letter name.

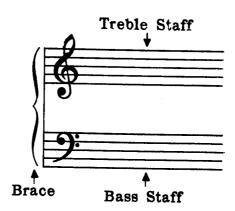

Spell the following words with space notes.

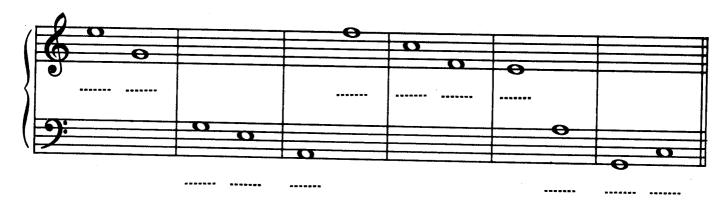

THE GREAT STAFF

GREAT STAFF

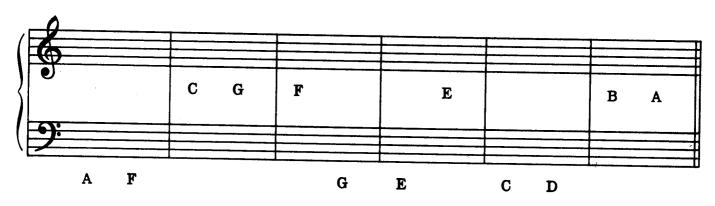

The Great Staff is composed of a Treble Staff and a Bass Staff joined by a Brace. High notes and low notes are placed on the Great Staff.

Write in the letter names of these notes.

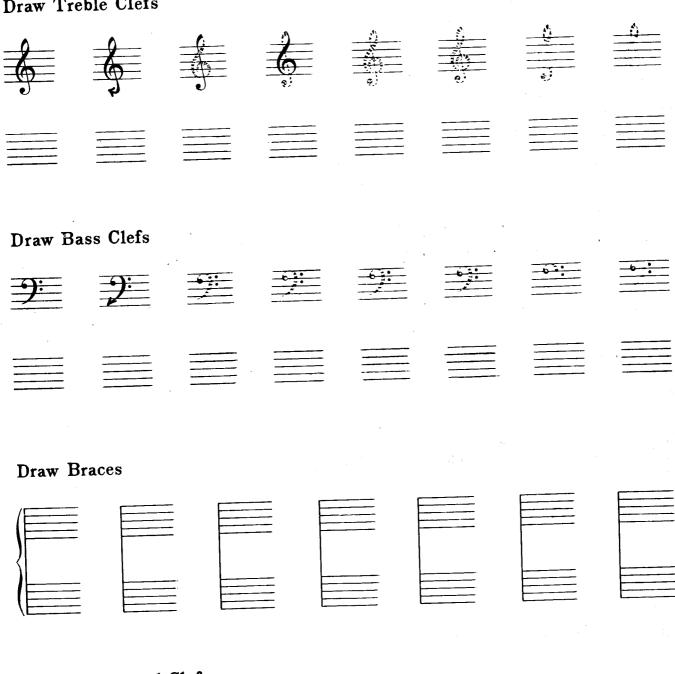

Draw the correct note over each letter name.

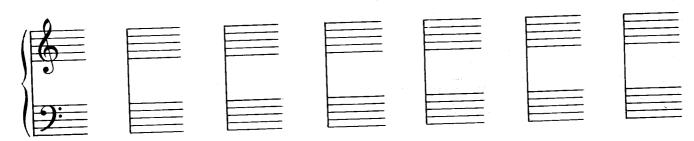

WRITING PRACTICE-CLEFS and BRACES

Draw Treble Clefs

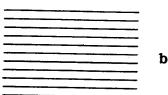

Draw Braces and Clefs

LEGER LINES

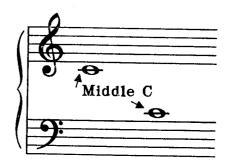

LEGER LINES are lines added	Leger line		
above or below a staff.			
In the early history of music, the Great Slines. The middle line was later removed	Staff had eleven		

lines. The middle line was later removed, in order to make reading easier. Now, when that middle line (middle C) is needed, a short piece of the middle line is drawn and called a leger line.

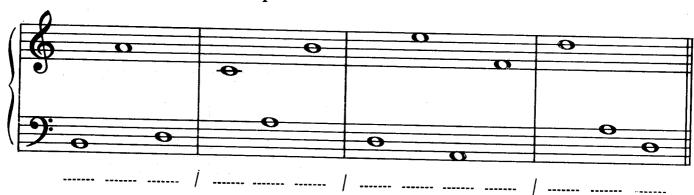

became

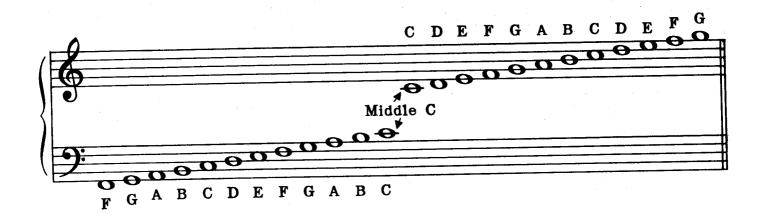

Fill in the words that these notes spell.

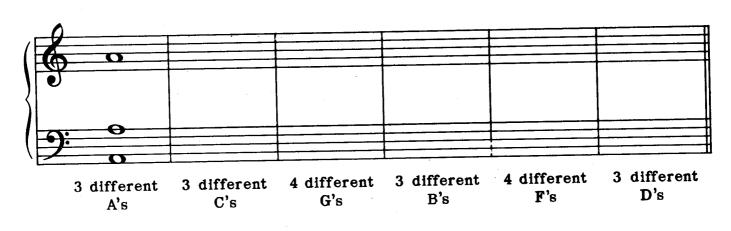

Draw the notes that these words spell.

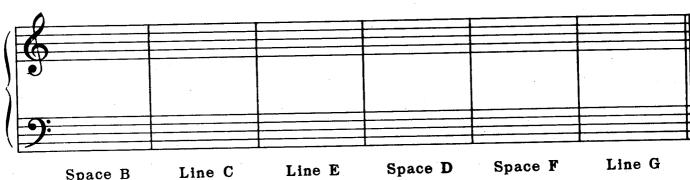

REVIEW OF GREAT STAFF

Draw the following notes found on the Great Staff.

Space B

Line C

NOTES AND RESTS

There are various kinds of NOTES designed to show the duration or time value of a musical sound. RESTS are symbols indicating a definite duration or time value of silence.

WHOLE NOTE.....

HALF NOTE....

QUARTER NOTE ...

EIGHTH NOTE.....

One whole note equals two half notes

0 = 0 + 0

= WHOLE REST

= —HALF REST

= **\}**QUARTER REST

= **7**EIGHTH REST

One half note equals two quarter notes

o = 0 + 0

One quarter note equals two eighth notes

=) +)

Identify the following notes and rests.

1. I a quarter note.

2. - a whole rut.

3. 7 <u>An eighte rist</u>

4. d. a. hall mi.

6. • a whole note.

7. & a quarter rest.

8. - a half rest.

NOTE AND REST VALUES

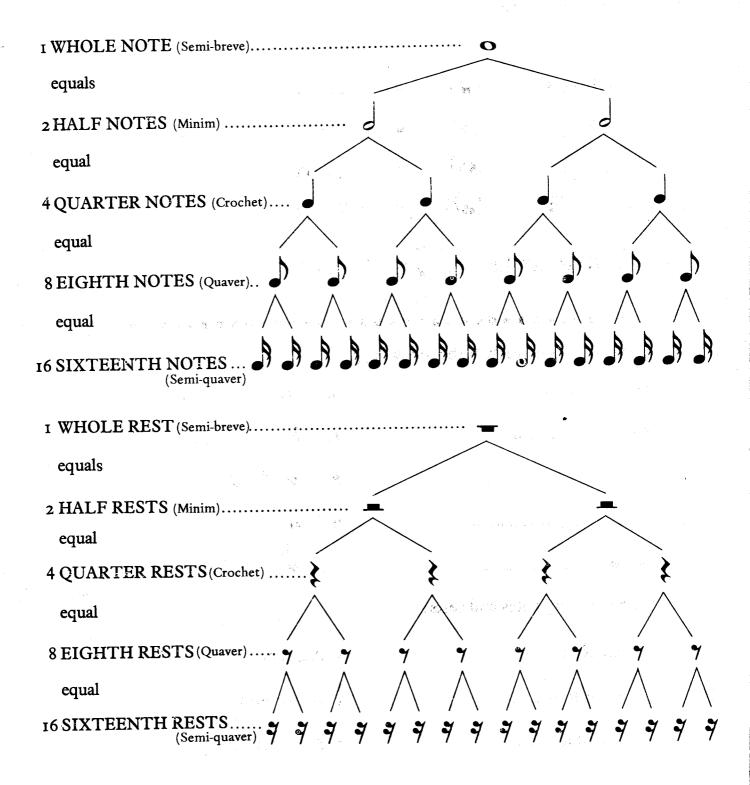

In most music the fundamental beat is assigned to the Quarter Note. If the Quarter Note gets one beat (count), then the following is true:

QUARTER NOTE		• 🖨 •	I count
HALF NOTE	(6)	=	2 counts
WHOLE NOTE	(o)	-	4 counts
EIGHTH NOTE		=	1/2 count
and TWO EIGHTH NOT	res () =	I count

4. A I count Rest.....

8. A 4 count Rest.....

CHART OF RELATIVE NOTE AND REST VALUES

DOTTED NOTES

A dot after a note adds $\frac{1}{2}$ to the value of that note.

The Half Note (6) = 2 counts

The Dotted Half Note (δ .) = 3 (2+1) counts

The Quarter Note () = I count

The Dotted Quarter Note (.) = $I^{\frac{1}{2}}(I + \frac{1}{2})$ counts

The Dotted Whole Note (\circ) =6 (4+2) counts

The Eighth Note ()) = $\frac{1}{2}$ count

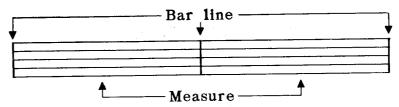

The Dotted Eighth Note () $=\frac{3}{4}(\frac{1}{2}+\frac{1}{4})$ count

How many counts do the following get?

lesson 16

MEASURE, 4/4 TIME SIGNATURE

Counts are grouped together to form measures. Measures may contain two, three, four or more counts. Measures are separated by bar lines.

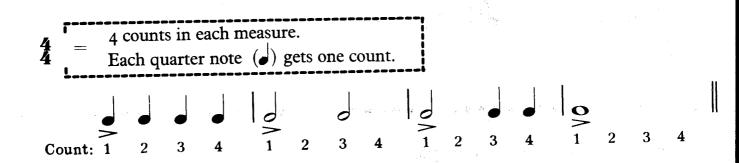

TIME SIGNATURE

The grouping of counts into measures is indicated by the time signature, which appears at the beginning of each song.

The top number of the Time Signature tells how many counts in each measure. The bottom number tells what kind of note is to

receive one count.

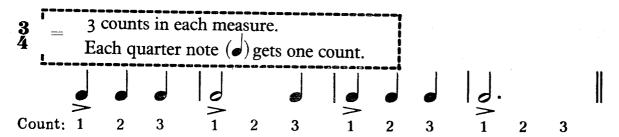

ACCENT SIGN

This sign directs the player to give special emphasis to the note. On the piano, strike the note a little harder.

in 4/4 time the 1st count of each measure is Accented.

 \mathbf{C} = Common Time. This sign is often used as a substitute for 4/4 time.

3/4 TIME

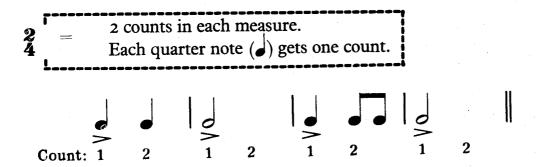

In 3/4 time the 1st count of each measure is accented.

Write the counts under the notes.

Write the counts under the notes and divide the notes into measures.

2/4 TIME

In 2/4 time the 1st count of each measure is accented.

Supply the time signatures for these examples:

Supply the time signatures and add the bar lines for the following:

lesson 19

NOTE AND REST REVIEW

Add the notes of the proper value to complete these measures:

Example:

4 6

This measure has only one half note, worth two counts. Since it is 4/4 time, the measure should have four counts. Add two counts to complete the measure.

3

4 J

4

4.

Add the rests of the proper value to complete these measures:

2 4

3

 $\begin{array}{c} 4 \\ 4 \end{array}$

 $\frac{2}{4}$

 $\frac{3}{4}$

 $\frac{4}{4}$

0

| **-**/

9

NOTE STEMS

In previous examples you have noticed the note stems going up on some notes, down on other notes. Here is the rule that governs the stems:

NOTES ON THE MIDDLE LINE OR HIGHER HAVE STEMS DOWN.

NOTES BELOW THE MIDDLE LINE HAVE STEMS UP.

Add stems to the following notes:

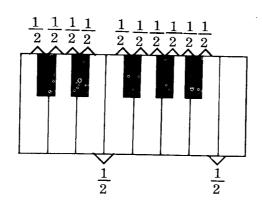

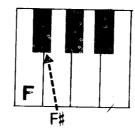

SHARPS

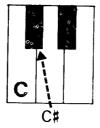

A sharp is a sign which indicates that a note is to be played $\frac{1}{2}$ step higher.

The entire Piano or Organ keyboard is made up of half steps.

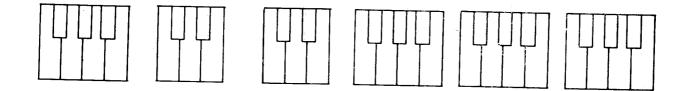

Therefore, a sharp is played on the very next key to the right. $(\frac{1}{2}$ step higher).

Write in the name of the sharped note and darken the correct black key:

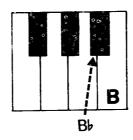

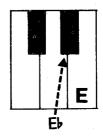

FLATS

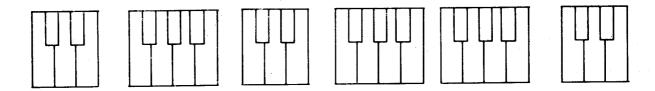

A flat is a sign which indicates that a note is to be played ½ step lower.

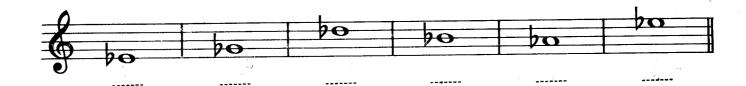

A flat is played on the very next key to the left. ($\frac{1}{2}$ step lower).

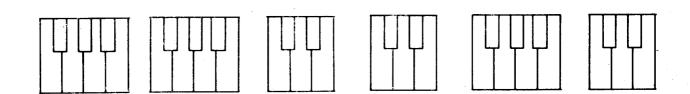

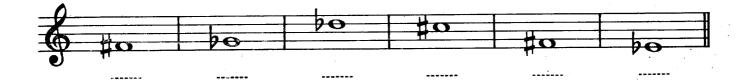

Write in the name of the flatted or sharped note and darken the correct black key:

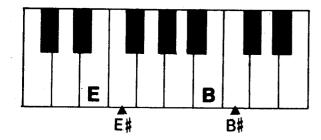

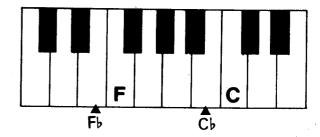

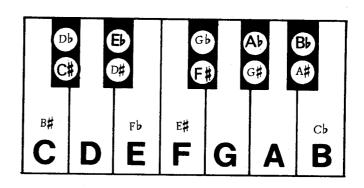

MORE SHARPS AND FLATS

You have already learned that a sharp raises the pitch of a note $\frac{1}{2}$ step, and that a flat lowers the pitch of a note $\frac{1}{2}$ step. By this rule you can see that not all sharps or flats are played on black notes.

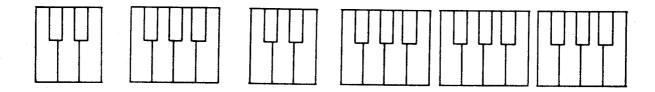

By using all of the note names available, you can see that there are two names for most notes. The more common of the two notes is printed in dark type.

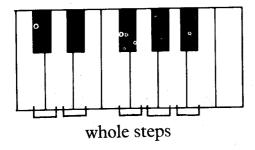

Write in the name of the sharped or flatted note and darken the correct black key:

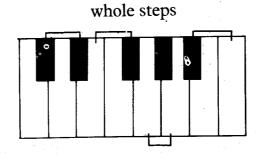

WHOLE STEPS

WHOLE STEP A whole step is composed of two half steps.

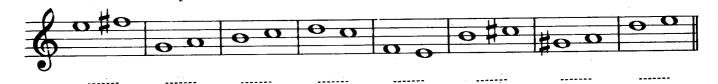

In all of these whole steps, we have skipped over the black key in between. Whole steps may also be from black key to white key, white to black, or black to black, just so one key is skipped in between.

In the following, place a "W" in the blank for a whole step and an "H" for a half step:

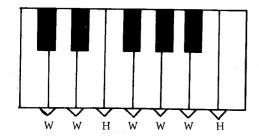

In the following, write in a second note, a whole step or a half step higher than the first note, as directed:

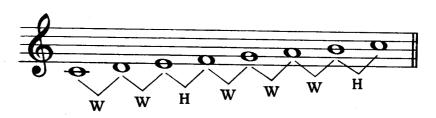

MAJOR SCALE

A SCALE is a series of notes in succession. There are several types of scales, each having its own combination of steps and half steps.

The MAJOR SCALE is the most common scale. It is built of two whole steps, one half step, three whole steps and one half step.

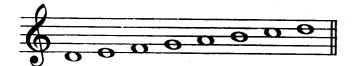

Since this Major Scale pattern was started on C, it is called the C Major Scale. Major scales may be started on any note, but must always conform to the Major Scale pattern of steps and half steps (W W H W W W H).

Add the necessary sharps or flats to make the series of notes conform to the Major Scale pattern:

D Major Scale (use sharps)

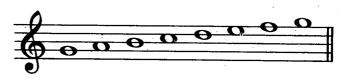

F Major Scale (use flats)

Bb Major Scale (use flats)

G Major Scale (use sharps)

STEP, SKIP OR REPETITION

There are only three ways by which notes may follow each other—by step, skip or repetition.

STEP

Notes that move to consecutive letters of the alphabet are said to move by step. That is, they step from C to D, from F to G, etc. The move by step may be a whole step or a half step.

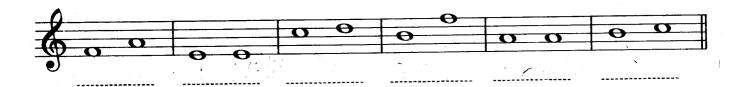

SKIP:

Notes that skip an intervening letter or letters of the alphabet are said to move by skip. Examples of skips would be C to E, F# to A, D to B, etc. Each of these examples skipped over at least one letter of the alphabet.

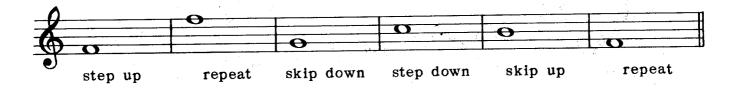

REPETITION

The playing of the same note a second consecutive time, as C—C, or $F\sharp -F\sharp$.

Tell whether the following examples are step, skip or repetition:

Draw a second note in the following examples to complete a step, skip or repeat:

NATURAL SIGN, ACCIDENTALS

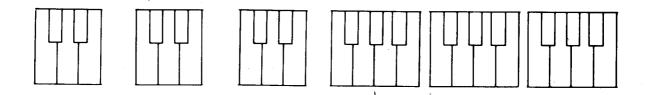

is a Natural Sign. It cancels a sharp or a flat.

Sharps or flats can appear in two different ways:

- 1. As part of the KEY SIGNATURE at the beginning of a song. As an example, if an F# and a C# appear in the key signature (key of D) of a song, then all F's and C's in that song are to be played as F sharps and C sharps.
- 2. To sharp or flat a particular note in the body of a song. This added sharp or flat does not continue on, but ends with the end of the measure in which it appears. A #, b or added in the body of a song is called an ACCIDENTAL.

Darken the correct key for the following examples:
